Happy Birthday, Square Beans!

March 1st marks the 15th anniversary of Square Beans Coffee!

In 2008, Square Beans was established as an independent coffeehouse on the historic Collierville Town Square by Walt and Kelli Geminn. With a coffee shop of this caliber being new to the quaint suburb, the Geminns set a standard for a warm, local, family environment for all to enjoy high quality coffee beverages and baked goods. When the ownership passed on to Katie and Hampton Parr in 2021, they wanted to keep the Geminn's vision alive by continuously improving the quality of Square Beans's products, staff, and welcoming atmosphere. Since then, J. Brooks Coffee, Sweet Magnolia Gelato, homemade quiche, and so much more have been staples of our ever-growing coffee shop.

In honor of Square Beans's 15th year in Collierville, come by the shop any time on March 1st to wish us a Happy Birthday and receive 15% off your total purchase of food and drink items! We'd love to see you and celebrate the continuing legacy of our special shop.
